

Matériel

- Gabarits en fin de livret
- Et/ou Papier origami ou de couleur (20 x20) y reproduire les mesures
- Du masking-tape
- Un trombone par hélico

Couper et plier les gabarits comme sur les photos

Lancer l'hélico vers le haut trombone vers le ciel
: il retombe en tournoyant grâce aux hélices.

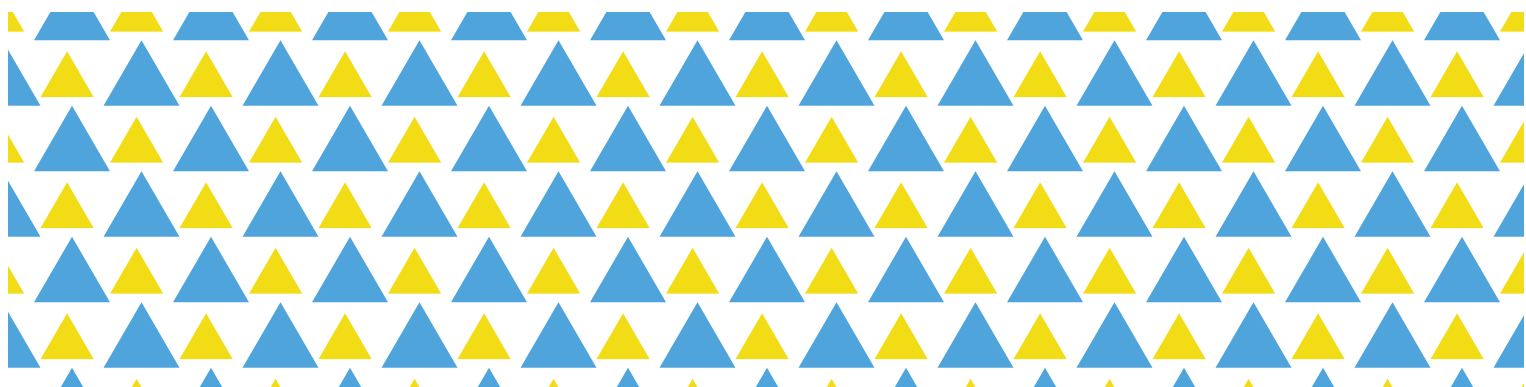

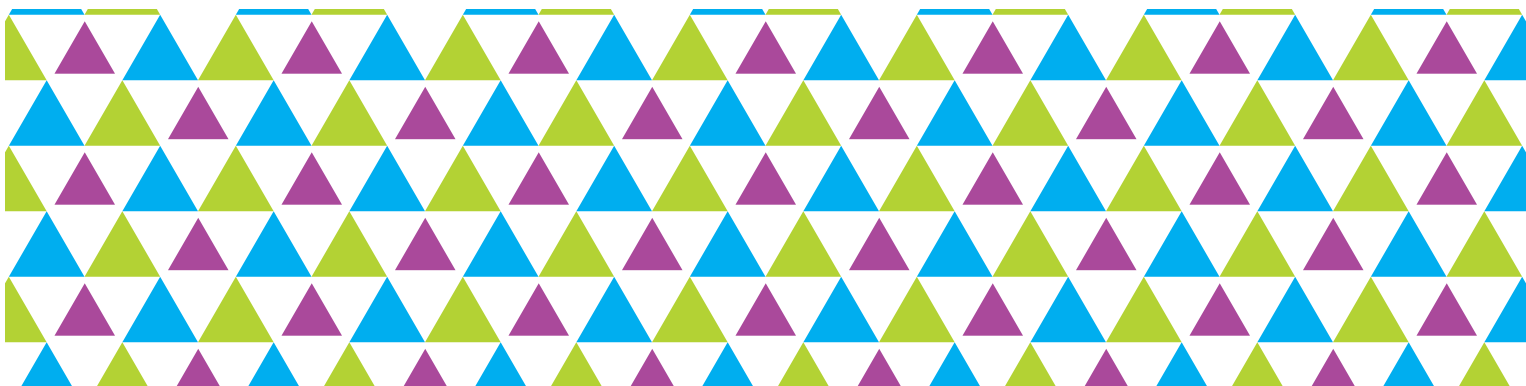

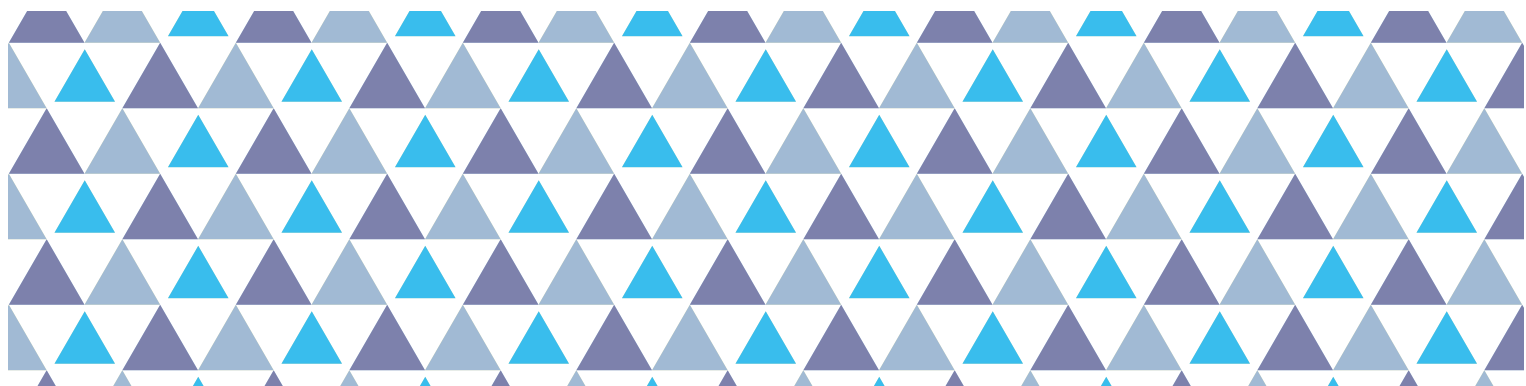

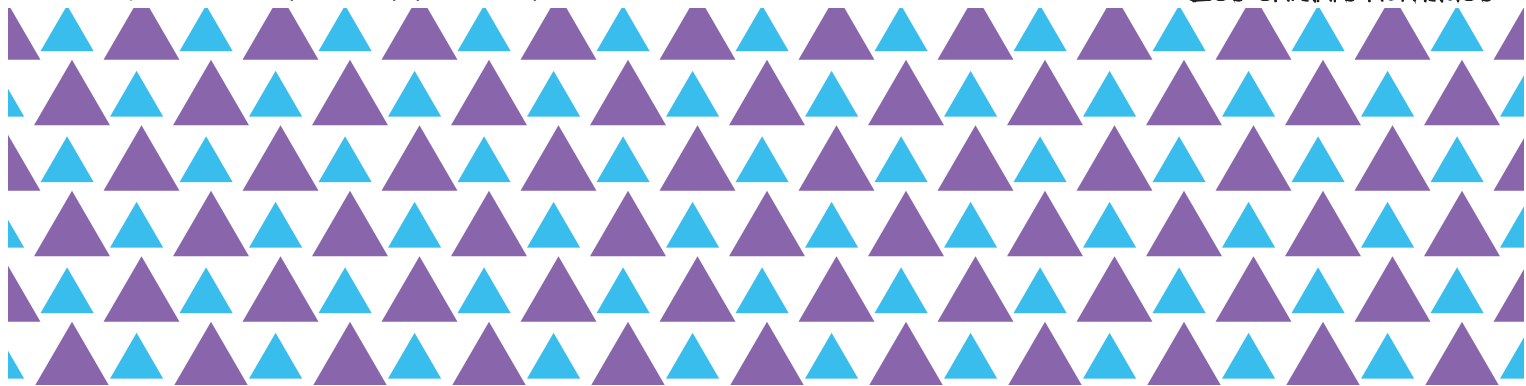

un hélico en action!

Imprimez, découpez, pliez, collez

JOUEZ !!

Pour faire des hélicoptères en papier / à imprimer en recto-verso
